

Scholar Ambassador Program

Vision: "As a Scholar I am Changing my Future by Enhancing my Destiny. I am Teaching my fellow scholars how to have Extraordinary Dreams".

Theme: "I am Searching for Greatness as I reach for Success"

Purpose: Our ambassadors will teach respect and responsibility to their fellow scholars. This program is designed to help our scholars provide themselves with phenomenal leadership skills, hope, and respect for others. Our ambassadors will facilitate the process of empowering the mind of other scholars. They will be involved in the community to assist the elderly and enrich the lives of others.

Extended Purposes: When our ambassadors have exhausted their time with the program, they will become enhanced visionaries to facilitate the process of their fellow scholars having optimistic values. The ambassadors will be phenomenal leaders of their perspective communities. When offered the opportunity, they will be able to effectively organize and speak at community and city council meetings. Our ambassadors would have gained the knowledge of a leader and what it has taken to become one. Our ambassadors will be inducted into the Rocky Mount Preparatory Student Ambassador Hall of Fame.

Mission Statement: "As an ambassador, I will capture the value of success while displaying my leadership qualities. We will work as a team to build an educational plan to perpetuate motivation towards our scholars".

Focus and Goals: To explore opportunities like taking part in teen leadership forums. The Ambassadors are expected to be role models who demonstrate character and perform effectively and proficiently in their academics and communication skills. Be very cooperative while collaborating with other leaders showing strength, courage and commitment.
